LinkedIn: Khant Lin Oo I GitHub / Portfolio: Khant Lin Oo Portfolio

PROFESSIONAL SUMMARY

Data Analyst with over a decade of commercial experience in retail operations and merchandising. Applies Power BI, SQL, Python, and Excel to analyze sales trends, inventory turnover, and retail performance, including work with major supermarket chains such as FairPrice and Sheng Siong. Combines commercial business knowledge with hands-on data modeling to turn datasets into dashboards and actionable business insights.

TECHNICAL SKILLS

Programming and Data: Python (Pandas, NumPy, Matplotlib, Seaborn, Plotly); SQL (PostgreSQL, MySQL, SQLite)

BI and Analytics: Power BI (DAX, Power Query, data modeling); Microsoft Excel (PivotTables, advanced formulas, lookups)

Core Competencies: Exploratory data analysis (EDA), KPI tracking, trend forecasting, dashboard design, merchandising operations

DATA ANALYTICS PROJECTS

Movie Industry Performance Analysis I Python (Pandas, Plotly, Seaborn, NumPy)

- Analyzed 1,000,000 historical movie records (1950–2025) to identify content investment and production greenlight strategies.
- Engineered key financial KPIs (worldwide ROI, net revenue, opening-week velocity) and audited data distributions to ensure high-integrity aggregations.
- Evaluated budget-to-return correlations across genres and talent to determine optimal capital allocation thresholds.
- Created interactive Plotly and Seaborn visualizations to deliver an executive-level strategic report on box office trends.

Workforce Compensation & Pay Equity Analytics I MySQL (Window Functions, CTEs, Stored Procedures)

- Designed an end-to-end SQL analytical framework querying multi-table employee databases to evaluate salary distributions, pay parity, and promotional mobility.
- Implemented window functions (RANK, DENSE_RANK) and Common Table Expressions (CTEs) to segment departmental salary quartiles and benchmark compensation against a $70k baseline.
- Audited gender pay equity and career mobility across roles, identifying compensation anomalies and top-tier departmental pay averages ($88k).
- Developed stored procedures to automate recurring HR compensation reporting, standardizing audit workflows for leadership review.

Adidas US Retail Sales Channel Performance Dashboard I Power BI, DAX, Excel, Power Query

- Designed and built an interactive Power BI dashboard tracking sales, operating profit, and unit volume across US retail distribution channels (In-store, Online, Outlet).
- Modeled multi-table relational schemas and authored DAX measures to calculate operating margins, revenue run-rates, and product category performance.
- Identified top-performing SKUs and regional revenue drivers across four US geographic zones to inform seasonal inventory allocations.
- Conducted time-series trend analysis to surface promotional sales lift, enabling commercial teams to synchronize restock schedules with demand cycles.

Olist Brazilian E-Commerce Performance Dashboard | Power BI, DAX, Power Query, Data Modeling

- Modeled an 8-table relational star schema in Power BI analyzing 100k+ Brazilian e-commerce transactions across orders, payments, fulfillment, and reviews.
- Formulated advanced DAX measures to track Average Order Value (AOV), on-time fulfillment rates, payment installment distributions, and MoM growth.
- Analyzed shipping duration and transit delays against customer review scores, identifying regional fulfillment bottlenecks across Brazilian states.
- Created interactive dashboard pages with dynamic cross-filtering and drill-through navigation to provide actionable insights for marketplace operations.

PROFESSIONAL EXPERIENCE

PETHOUSE SUPPLIES PTE CO. LTD | Singapore

Marketing and Merchandising Executive | Aug 2011 - Jun 2026

- Managed retail and merchandising operations for major supermarket chains, including FairPrice and Sheng Siong.
- Tracked weekly sales, product velocity, and shelf-stock levels to help minimize stockouts and improve shelf presence.
- Prepared regular inventory and promotional movement reports to help cross-functional teams adjust restocking cycles.
- Analyzed promotional campaign results to evaluate sales lift and align merchandising activities with retail partner requirements.

YADANAR OO PRINTING HOUSE | Myanmar

Graphic and Production Designer | Oct 2010 - Apr 2011

- Designed commercial print assets and marketing materials using Adobe Creative Suite, ensuring print specifications and layout accuracy.

EDUCATION

Bachelor of Education (B.Ed.) in Mathematics, Chemistry, and Physics

Yangon University of Education | Yangon, Myanmar

CERTIFICATIONS

- Microsoft Professional Data Analyst Certificate | Coursera (2026)
- Data Analytics Training Program | Experience Mentor (2026)
- Google UX Design Professional Certificate | Coursera (2024)
